2. During the Third Interim Period, CNRD performed a variety of legal services that were necessary and appropriate for the efficient and economical resolution of PREPA's interests in the Title III Cases and its business, including, among others: meeting and conferring with PREPA's officers and employed professionals; providing local counsel and federal litigation expertise; advising PREPA of its powers and duties under Title III proceedings; advising PREPA in regards to several actions taken against the estate; advising PREPA of several available actions to protect and procure revenues or recovery of assets of the estate; representing PREPA at court hearings as local counsel; work with other PREPA professionals to coordinate and complete fact gathering tasks; counsel PREPA in several Title III investigations; preparing on behalf of PREPA motions, applications, orders, and other legal documents; and advising PREPA with respect to bankruptcy, labor, employment, contracts, and litigation issues concerning the bankruptcy proceedings, and stayed litigation.

3. CNRD's work during the Third Interim Period was necessary for, and beneficial to, PREPA and served to ensure that the interests of PREPA were properly represented and safeguarded in these Title III Cases. Therefore, CNRD respectfully requests the Court to award the fees and expenses requested in this Application.

37. The Second Interim Period Order granted the applications that were recommended in the Fee Examiner Report. As such, the Second Interim Application was granted.

VI. Summary of Compliance with Amended Interim Compensation Order

38. This Application has been prepared in accordance with the Second Amended Interim Compensation Order.

39. CNRD seeks interim compensation for professional services rendered to PREPA during the Third Fee Period in the amount of \$536,525.00 and reimbursement of actual and necessary expenses incurred in connection with providing such services in the amount of \$4,218.39. During the Third Fee Period, CNRD attorneys expended a total of 1931.85 hours for which compensation is requested.

40. As of the date hereof, CNRD has received payments from PREPA totaling \$288,660.00 for fees and \$2,220.85 for expenses, representing 54% of the fees and expenses for the Third Fee Period in accordance with the terms of the Amended Interim Compensation Order.

41. Accordingly, in this Application for the Third Interim Period, and to the extent such amounts have not been paid by the time of the hearing on this Application, CNRD seeks payment of all amounts outstanding, totaling \$249,862.54, which represents the aggregate amount of unpaid fees and expenses incurred between February 1, 2018 and May 31, 2018.

VII. Fees and Expenses Incurred During Third Fee Period

A. Customary Billing Disclosures

42. CNRD's hourly rates are set at a level designed to compensate CNRD fairly for the work of its attorneys and to cover fixed and routine expenses. In accordance with its agreement with PREPA, the hourly rates and corresponding rate structure utilized by CNRD in this Title III Case is substantially lower in comparison to the rates charged by other attorneys in the Title III

Proceedings. The rates and rate structure reflect that such restructuring matters typically are national in scope and typically involve great complexity, high stakes and severe time pressures.

43. Further, CNRD's rates as provided in the contract have been registered with the Office of the Comptroller for the Commonwealth of Puerto Rico ("Office of the Comptroller"), pursuant to the laws and regulations of the Commonwealth of Puerto Rico. Due to the complexity and the specific targeted needs for legal representation and advice in the bankruptcy and federal litigation proceedings that the PROMESA Title III cases require, CNRD was awarded the PROMESA Litigation Contract on August 16, 2017, effective from August 16, 2017 to June 30, 2018. The PROMESA Litigation Contract has been registered by PREPA in the Office of the Comptroller and thus, complies with the rules and regulations of the Commonwealth of Puerto Rico.

B. Fees Incurred During Third Fee Period

44. In the ordinary course of CNRD's practice, CNRD maintains computerized records of the time expended to render the professional services required by PREPA and its business operations. For the convenience of the Court and as well as all parties in interest, attached hereto as **Exhibit B** is a summary of fees incurred and hours expended during the Third Fee Period, setting forth the following information:

- a. the name of each attorney for whose work on this case compensation is sought;
- b. each attorney's year of bar admission;
- c. the aggregate time expended and fees billed by each attorney during the Third Fee Period; and,
- d. the hourly billing rate for each attorney as disclosed in the Fee Application.

C. Expenses Incurred During Third Fee Period

45. In the ordinary course of CNRD's practice, CNRD maintains a record of expenses incurred in the rendition of the professional services required by PREPA and its business operations and for which reimbursement is sought. Consistent with protocol established by the Fee Examiner in

this Title III Case and CNRD's agreement with PREPA, CNRD charged no more than \$0.10 per page for standard copying services in this case. Since CNRD is home based in San Juan, Puerto Rico, where PREPA and its officers have their main offices, there has been no need to incur travel or lodging expenses yet. CNRD has also maximized the use of telephone conferences and electronic mail communications in order to avoid traveling expenses.

46. For the convenience of the Court as well as all parties in interest, attached hereto as **Exhibit C** is the detailed description of services provided for the Third Fee Period, which includes the total amount of reimbursement sought with respect to each category of expenses for which CNRD is seeking reimbursement.⁶

47. All the expenses incurred by CNRD were actual and necessary expenses required to provide legal representation to PREPA.

VIII. Summary of Legal Services Rendered During the Third Fee Period

48. As discussed above, during the Third Fee Period, CNRD provided extensive and important professional services to PREPA in connection with the ordinary course of business needs in the Title III proceeding and in the Title III litigation.

49. The following is a summary of CNRD's most relevant services provided during the Third Fee Period on behalf of PREPA:

a. General Bankruptcy Counseling

CNRD has furnished bankruptcy counseling to PREPA and its officers from the beginning of the Title III Case. These services include providing advice on how to proceed on the regular day-to-day business operations after the filing of the PREPA Title III Case, as well as the general litigation advice.

⁶ For the purposes of preserving legal privileges, Exhibit C has been submitted in a redacted version.

b. Bankruptcy litigation

CNRD has furnished specialized bankruptcy litigation advice to PREPA and its officers from the beginning of the PREPA Title III Case. These services include providing advice on several motions to be filed, legal strategies and actions to be followed.

c. Support to other employed professionals

CNRD has furnished services to PREPA in the form of assisting other professionals employed by the estate. Since CNRD has been PREPA's legal counsel for many years now, CNRD has been extremely helpful, cost-efficient and time-saving in providing necessary and relevant information from prior litigation and business operations. This has also helped to save time on fact gathering tasks. The most relevant support has been provided to AAFAF in order to assist in different tasks, like gathering information from PREPA's officers needed to pursue and promote the best interests of the estate, as well as advise on local law and regulatory procedures familiar to CNRD as local counsel.

d. Enforcement of the automatic stay

CNRD has furnished services to PREPA in the form of enforcing the automatic stay against pending state, federal and administrative litigation. This has been performed through different tasks such as providing legal representation in different forums, filing notices of stay motions, providing notice to plaintiff's counsel of the filing by PREPA of the Title III Case and the automatic stay, and arguing against motions for lift or the modification of the automatic stay outside the Title III Court. CNRD has also assisted PREPA's in-house counsels in cases in which they have

had to seek the local courts or administrative forums to enforce the automatic stay to protect the estate.

e. Relief from stay

CNRD has also represented PREPA in several extrajudicial and judicial requests for modification or relief from the automatic stay. In furtherance of the Case Management Order, CNRD receives notification from AAFAF or the FOMB when a creditor requests to meet and confer to discuss the possibility of lifting or modifying the automatic stay. When such notifications are received, CNRD conducts an investigation of the facts and controversies of each case, so that the relevant entities be in a better position to determine if the stay should be lifted, modified or remain in place. CNRD also drafts the settlements to modify or for relief from the automatic stay and shares them with AAFAF and the FOMB for final approval. These services benefit the estate by providing a liquidated status to certain litigation of personal injury or wrongful deaths actions, or keep the automatic stay protection.

f. Adversary Proceedings

CNRD has provided legal services to PREPA in the form of representation in adversary proceedings such as *Puerto Rico Electric Power Authority, et. al., v. Puerto Rico Energy Commission*, 17-00256-LTS. CNRD has also provided advice to PREPA regarding the status and relationship of other adversary proceedings filed which may directly affect PREPA and its estate.

g. Federal Rule of Bankruptcy Procedure 2004 Fact Gathering

CNRD has provided advise to PREPA on several investigations that took place

during the Third Interim Period. These investigations include requests for discovery made under the Federal Rule of Bankruptcy Procedure 2004. Also, CNRD actively and diligently performs investigations to gather information directly required by creditors, committees or the Oversight Board, or as request by AAFAF as PREPA's fiscal agent.

IX. CNRD's Requested Compensation and Reimbursement Should be Allowed

50. Section 317 of PROMESA provides for interim compensation of professionals and incorporates the substantive standards of section 316 of PROMESA to govern the Court's award of such compensation. Section 316 of PROMESA provides that a court may award a professional employed by the debtor (in the debtor's sole discretion) "reasonable compensation for actual necessary services rendered . . . and reimbursement for actual, necessary expenses." Section 316 also sets forth the criteria for the award of such compensation and reimbursement:

In determining the amount of reasonable compensation to be awarded to a professional person, the court shall consider the nature, extent, and the value of such services, taking into account all relevant factors, including—(a) the time spent on such services; (b) the rates charged for such services; (c) whether the services were necessary to the administration of, or beneficial at the time at which the service was rendered toward the completion of, a case under this chapter; (d) whether the services were performed within a reasonable amount of time commensurate with the complexity, importance, and nature of the problem, issue, or task addressed; (e) with respect to a professional person, whether the person is board certified or otherwise has demonstrated skill and experience in the restructuring field; and (f) whether the compensation is reasonable based on the customary compensation charged by comparably skilled practitioners in cases other than cases under this title or title 11, United States Code. 42 U.S.C. § 2176

51. CNRD respectfully submits that the services for which it seeks compensation in this Fee Application were, at the time rendered, necessary for and beneficial to PREPA and were rendered to protect and preserve PREPA's business operations. CNRD further believes the services for

PREPA were performed economically, effectively, and efficiently, and that the results obtained benefited not only PREPA, but also PREPA's business operations and clients. CNRD further submits, that the compensation requested herein is reasonable in light of the nature, extent, and value of such services to PREPA, its business operations and all parties in interest, and that the rates set forth in both the General Legal Representation Contract and the PROMESA Litigation Contract are reasonable and have been approved by PREPA and registered in the Office of the Comptroller.

52. During the Third Fee Period, 1,931.85 hours were expended by CNRD's partners, special counsels, and associate attorneys in providing the requested professional services. CNRD made every effort to coordinate its efforts with other counsels and parties in this case to avoid any duplication of efforts. The number of hours spent by CNRD is commensurate with the defined tasks CNRD has performed and continues to perform on the matters described herein, as also approved by PREPA and included in the engagement.

53. During the Third Fee Period, CNRD's hourly billing rates for attorneys ranged from \$250 to \$300. The hourly rates and corresponding rate structure utilized by CNRD in this case is consistent with the rates charged for representation of instrumentalities of the Commonwealth of Puerto Rico.

54. The rate structure included in this interim application is commensurate to the rate structure generally charged by CNRD for restructuring work, bankruptcy, insolvency, federal litigation, and comparable matters, whether in court or otherwise, regardless of whether a fee application is required. The rates and the rate structure reflect that the matters worked by CNRD include novel matters of law and fact that are national in scope and involve great complexity, high stakes, and severe time pressures—all of which were present in this case.

55. Moreover, CNRD's hourly rates are set at a level which is lower than the rates charged to other professionals to compensate for the advice and work involved in a matter as novel and complex as the PROMESA litigation. Hourly rates vary with the experience and seniority of the individuals assigned. Further, these hourly rates may not be subject to adjustments unless new contracts are awarded by PREPA and registered with the Office of the Comptroller. Therefore, the billing rate and structure presented in this Third Fee Application has remained the same as it was established in the Second Fee Application.

56. As detailed above, the services CNRD provided to PREPA have resulted in substantial benefit to PREPA and its business operations.

57. CNRD represents and can demonstrate to this Court that the services rendered were performed in a reasonable amount of time, given the complexity of the issues involved and the many varied legal issues facing PREPA. CNRD's detailed and thorough records can demonstrate that the time expended on the tasks assigned was necessary and appropriate for the adequate representation of PREPA. From the earliest stages of CNRD's involvement, attempts were made to limit the hours worked, and to avoid duplication of services and other unnecessary costs. Moreover, CNRD professionals frequently provided services on behalf of PREPA under severe time constraints.

58. CNRD relies on the Court's experience and knowledge with respect to compensation awards in similar cases. Given that frame of reference, CNRD submits that, in light of the circumstances of the case and the substantial benefits derived from CNRD's assistance, compensation in the amount requested is fair and reasonable.

59. Further, CNRD certifies that the detailed time and expenses records included in **Exhibit C**, have been reviewed and approved by PREPA's officers.

60. In sum, CNRD respectfully submits that the professional services provided on behalf of PREPA and its business operations in this case during the Third Fee Period and to date were necessary and appropriate given the complexity of this case, the time expended by CNRD, the nature and extent of CNRD's services, the value of CNRD's work and background knowledge into PREPA's operations, and the cost of comparable services outside of bankruptcy. All these factors are relevant as set forth in section 316 of PROMESA. Accordingly, and based on the factors outlined under sections 316 and 317 of PROMESA, the services performed to PREPA by CNRD to date, more than justify the allowance in full of CNRD's compensation and reimbursement requests.

X. Reservation of Rights and Notice

61. It is possible that some professional time expended or expenses incurred during the Third Fee Period are not reflected in the Fee Application. CNRD reserves the right to include such amounts in future fee applications. In addition, CNRD has provided notice of this Fee Application in accordance with the Amended Interim Compensation Order.

XI. No Prior Request

62. No prior application for the relief requested herein has been made to this or any other Court.

WHEREFORE, CNRD respectfully requests that the Court enter an order (a) awarding CNRD interim compensation for professional and paraprofessional services provided during the Third Fee Period in the amount of \$ 536,525.00.00, and reimbursement of actual, reasonable and necessary expenses incurred in the Third Fee Period in the amount of \$ 4,218.39; (b) authorizing and directing PREPA to remit payment to CNRD for such fees and expenses; and (c) granting such further other relief as is appropriate under the circumstances.
